**FOR YOUR URGENT ATTENTION:**

**Unfortunately we are still seeing kids, teens & adults riding e-bikes, e-scooters and other electric devices in the park and especially after 5pm and even after dark and often without helmets.**

**They are incredibly dangerous vehicles, and they are also illegal in NSW unless ridden in specific trial areas or on private land. They are all too often ridden flouting the parks road rules and MUCH FASTER THAN the maximum 8KPH, all of which are reasons why we DO NOT PERMIT them in our Parks...**

**Using such vehicles in the park are a direct breach of our rules and will be dealt with accordingly.**

**ALL of these electric vehicles are NOT permitted to be used in the parks at any time.**

*Whilst we have park rules in place and do our best to enforce them, it is challenging. We implore you and those in your care (including kids of all ages, teenagers & even adults who should know better) that the rules are in place for everyone's safety and enjoyment of the park & everyone needs to follow them. As Holiday Van owners we would encourage you to lead by example for other park users.*

**You have signed an Occupancy Agreement agreeing to all the terms and conditions, which includes following the rules.**

*It is incredibly frustrating to receive complaints & concerns from park users that they are wary, even scared to walk in the park, or even to go to the amenities because they may get knocked over by bikes/scooters that are being ridden on the roads & through and around the amenities and very often at great speed & exceeding the Park speed limit of 8kph.*

The Power Meters will be read this week, with invoices sent out by the end of the week.

Current electricity Charges have not changed since the last quarter:

**Daily Supply Charge:** 95.70 cents/day - *charged quarterly at \$43.07*

**Usage Charges:** 37.76 cents/kWh

**For any After Hours issues, please call [4988 0990](tel:49880990).**

Your call will be logged, triaged and dealt with accordingly. If your call relates to a noise or behavior issue of another site, you - as the caller - will **not** be charged the after hours call out fee, it would be the perpetrator who gets charged if on-call personnel have to attend. Notification is given by the Manager on-call.

For Emergencies, please call the appropriate Emergency Service via 000
